Lifepoint Rehabilitation

National Strength, Local Heart.

At Lifepoint Rehabilitation, you will be inspired by the community you serve as a valued member of the Lifepoint Health team, a nationally recognized healthcare organization committed to caring with a local heart. With more than 300 hospital-based rehabilitation units, medical/surgical and outpatient therapy settings and 50+ joint venture inpatient rehabilitation facilities (IRFs) across the country, the possibilities are endless. Join a team committed to delivering exceptional care, building strong relationships and impacting the health of the communities we serve.

- *Acute Rehabilitation Units (ARUs)*

Map reflects Lifepoint's independent rehabilitation facilities. Please scan the QR code on the back to view all rehabilitation opportunities across the country.

Lifepoint Rehabilitation

Medical Director and Physiatrist Opportunities

As a medical director or staff physiatrist at Lifepoint, your healing mission matters. You'll have access to the staff, resources and technologies needed to make a meaningful impact on patient care while contributing to a positive, collaborative work environment. You'll find a workplace where what truly matters is achievable – from your career goals to your well-being.

You can expect:

- Flexible schedules to fit your lifestyle
- Innovative, proprietary technology solutions
- Collaborative, team environments
- Position-specific training and support
- Best-in-class compliance teams
